

# VECRUS™

## What is VECRUS™?

**VECRUS™ is melt blown nonwoven made from polyarylate liquid crystal polymer.**

## Feature

- **Low Hygroscopicity**
- **High Heat Resistance**
- **Low dielectric property (Dk, Df)**
- **Light Weight**

## Customer Benefit

- **Long term reliability against moisture, heat**
- **Adaptability to 5G**
- **Reduction of weight and thickness**

## Potential Application

- **FRP**  
**[Printed Wiring Board, Grinding Carrier]**
- **Insulating material**
- **Heat-resistant filter**
